Dear Site User:

Re: City of Red Deer Snow Storage Sites 2023/2024

Please read this form carefully, complete and email to [parkandpublicworks@reddeer.ca](mailto:parkandpublicworks@reddeer.ca) prior to any snow hauling.

Carriers that have not been registered will not be allowed access to the snow storage sites.

The snow storage sites will be manned as demand dictates, and access will only be permitted when manned. See attached Registration Form for access details.

Our two sites are located at:

- Northwest of Edgar Industrial Drive, west of Johnstone Drive (northwest of Northland Radiator); and
- South of 19 Street, also known as the Delburne Road, on 40 Avenue (south of the Waste Management Facility).

Only snow that has been collected from within the City of Red Deer limits may be dumped at these snow storage sites. ALL loads will be subject to a minimum fee plus GST, as outlined on the registration form. All infractions will result in a total ban from the snow storage sites for the balance of the season.

The City of Red Deer payment terms are 30 Days. Entry to the snow dump will be refused for all delinquent accounts.

Quoted below are those sections of Bylaw 3186/97 Traffic Bylaw, and Bylaw 3255/2000 Parks and Public Facilities Bylaw, which state that snow cannot be removed from private property and placed on City property. Please see the City of Red Deer webpage to become a snow clearing contractor for residents:
