

# 2025

## COMMUNITY RECREATION ENHANCEMENT *grant*

“

Through the Community Recreation Enhancement Grant, the City was proud to provide approximately \$100,000 in funding to over 30 local sport organizations in 2025. Supporting accessible, community-driven sport helps build strong connections and enhances the overall quality of life for Red Deerians.

- PJ SWALES, Sport & Recreation Coordinator

### What is the COMMUNITY RECREATION ENHANCEMENT GRANT?

Recreation remains a fundamental human need at all ages and stages in life. People participate in recreation activities for fun, enjoyment, fitness & health, social interaction, creative expression, a desire to connect with nature, relaxation, and to enhance their quality of life. Sport is included in this broad definition of recreation. Sport holds the distinct potential to build local skills, knowledge and resources while also increasing social cohesion, community dialogue, leadership development and civic participation. The Community Recreation Enhancement Grant is designed so applicants have an open opportunity to receive financial support to fund initiatives deemed important by your organization.
